

What do you believe?

They say you have the capacity
To alter the competitors schemes;
Your skills give you the audacity
To play beyond what others dream;
That you have icon potential
Deserving the praise you receive;
But what do you think?
What do you believe?

They say you possess the talents
To take it to another tier;
That you have the overall balance
To shift to an additional gear;
That you are only limited
By what your mind can conceive.
But what do you think?
What do you believe?

You play with reckless abandon,
Each outing your technique's refined,
A reputation you can stand on
From disciplined body and mind.

They say you can be magnificent
Unrestricted in what you can achieve.

But what do you think?

What do you believe?
